We invite you to amplify your impact using the **SoCCs Multiplier Effect**. People in our projects earn SoCCs by helping their community, and spend SoCCs on education, improved livelihoods and improved environments funded by Asia Initiatives through your donations. Our communities create their own **SoCCs Earning and Redeeming Menus** during **SoCCratic Dialogues**, since we believe that people who are closest to the problems are also closest

to the solutions. This helps capacity building and local leadership development for lasting impact, especially for women.

We hope that you will consider a year-end gift knowing that each dollar will be magnified through the magic of SoCCs. You can see stories about passionate individuals and amazing hope at our [Website](#) and our [YouTube Channel](#).
