Dear Friends,

We are delighted to present our [2021 Annual Report](#) today. While the needs of our communities escalated due to COVID-19 and climate shocks, your support helped us to also intensify our help to these communities. Staying focused on our mission of development which is "pro-poor, pro-environment and pro-women", we impacted the lives of over 25,000 people last year. The Grand Innovation Prize from the Jacobs Foundation Conference and the help from EY Ripples for our strategic plan encouraged us to work even harder. Please join us on this journey of hope with your ideas and support by clicking [HERE](#).

We also take this opportunity to thank our local community partners, and the many volunteers who gave of their precious time and skills in our SoCC Buddy and other programs. For more information about our work, please see our website [HERE](#)

Anxiously hoping for peace around the world-without which no sustainable development is possible,
Geeta Mehta and the Asia Initiatives Team
